How it works

1 Set the questions

We build the quiz around you: general knowledge, music, films, sport, company trivia, values and more.

2 Play on your phone

Questions appear on the big screen and everyone answers on their own smartphone.

3 Build a streak

Every correct answer in a row adds a combo multiplier, so scores climb fast.

4 Watch the leaderboard

Between questions the top five appear on screen, and everyone can see their own rank on their phone.
